**Re: WC Docket No. 11-42 Lifeline Reform Order and FNPRM  
Notice of Ex Parte Communications**

Dear Ms. Dortch:

On August 22, 2012, John Badal of Sacred Wind Communications, Inc.; Mark Jeffries, Kirk Lee, and Michael Saperstein of Frontier Communications, Inc.; and Brian Tagaban and James Dunstan representing the Navajo Nation Telecommunications Regulatory Commission held a conference call with Irene Flannery of the FCC's Office of Native Affairs and Policy (ONAP) and Garnet Hanly, Jay Schwartz, and Bo Finley of the FCC's Wireline Competition Bureau. The subject of the discussion was Sacred Wind Communications' and Frontier Communications' joint application to participate in the FCC's Broadband Lifeline Adoption Pilot Program.

In the conference call meeting the FCC representatives asked clarifying questions about the applicants' proposal and the applicants and their Navajo Nation partner responded to those questions. Ms. Hanly further requested that the applicants submit a supplement to their application that would memorialize those clarifications. Applicants will submit a supplement to their application before August 28, 2012.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Badal", is written over a horizontal line.
